* = A scaled score of **110 or more** was the threshold for a pupil's performance to be viewed as being to a higher standard than expected in 2017 so have used this for these figures. The national figures are 2017 as they have not been released yet.

The table below contains 2017 data – 2018 data will be released in October

Progress 2017		Reading	Writing	Maths
This is calculated using as a value-added measure from KS1 to KS2. It is based on value added in each of reading, writing and maths compared with the scores of pupils with the same Key Stage 1 results.	 BECKSTONE PRIMARY	1.9	2.8	1.1
	National 	0*	0*	0*

* = The calculating of 'Value Added' nationally ensures that average progress is zero

N.B. The Government's **Progress Floor Targets** for KS2: **-5** in Reading; **-7** in Writing **-5** in Maths

Interpreting progress scores

Progress scores will be centred around 0, with most schools within the range of -5 to +5.

- A **score of 0** means pupils in this school on average do about **as well** at KS2 as those with similar prior attainment nationally.
- A **positive score** means pupils in this school on average do **better** at KS2 as those with similar prior attainment nationally.
- A **negative score** means pupils in this school on average do **worse** at KS2 as those with similar prior attainment nationally.

A negative score does not mean that pupils did not make any progress, rather it means they made less progress than other pupils nationally with similar starting points.
