

Water Safety at the River

DANGERS

Can you number the following dangers on the picture?

- 1 Watch out for things you may trip over
- 2 The water may be muddy and you could get stuck
- 3 Rescue equipment may be missing or broken
- 4 Safety signs give information to keep you safe
- 5 Wear a life jacket when on the water to help if you fall in
- 6 Currents can carry you away in seconds
- 7 Banks can have loose or slippery edges
- 8 Weeds or branches underwater can trap you
- 9 Rivers can be very cold which will limit your swimming skills
- 10 There may be rubbish or hidden objects beneath the surface

QUIZ

1. What number should you call if someone needs help?
2. What should you throw to help someone in trouble?
3. What should you wear for activities on or around the water?
4. Why should you stay back from the water's edge?
5. You should never jump in to save someone in trouble, true or false?
