

The River Nile

Would you like to find out about the longest river in the world? The River Nile flows through Ethiopia, Sudan and Egypt then Mediterranean Sea. Read on to find out more.

Food and drink

The Ancient Egyptians used collecting water, hunting, fishing and watering crops. Everything the farmers grew depended on the Nile. Every year the Nile flooded and left rich dark soil on both sides of the river.

GODS

Hapi was the Nile god. The Ancient Egyptians believed that the tears of the goddess Isis made the Nile overflow. They celebrated this each year with a festival called "The night of the drop."

Facts about the Nile

The Nile is the longest river in the world. Without the Nile Ancient Egypt would not have existed. The River Nile flows through Egypt and into the Mediterranean Sea. People depended on the river for transport as well as water.

Hapi
